Any employee who feels that his/her discipline is unwarranted shall have recourse to the Grievance and Arbitration Procedures provided in this Agreement.

Oral and written reprimands will be considered active for a period of one year unless the discipline is indicative of a pattern of behavior in which case they may be considered for a longer period of time as appropriate. Supervisors should communicate patterns which they feel have a bearing on current circumstances to employees when they feel they indicate an unacceptable pattern of behavior, conduct or performance.

Bargaining Unit employees will not be required to conduct investigations of other Bargaining Unit employees. The only exception to this would be in the case of the Safety Committee investigating job related accidents or illnesses.

The time limits specified may be extended by mutual agreement as evidenced by a waiver in writing signed by an authorized representative of the District and the Union; otherwise, the grievance shall be regarded as withdrawn and considered as settled on the basis of the District's answer in writing at the last step of the grievance procedure by the Union.

This policy shall apply to the Reedy Creek Fire Fighters Association bargaining unit employees, and may not be changed, except after negotiation with and written acceptance by the Union. This Agreement shall remain in effect for the duration of the parties' bargaining relationship unless changed by mutual agreement or modified by an arbitrator or court of competent jurisdiction. For purposes of this Agreement, the terms "drug" or "drug tests" shall include both drugs and alcohol, as appropriate.

The District and the Union recognize that many areas of the District's operations involve hazardous work with the potential for personal injury or property damage and that all areas involve directly or indirectly the public at large. Therefore, it must endeavor to provide safe and efficient operations for the protection and benefit of the general public, its customers and its employees. The parties agree that this policy shall be administered with high regard for employees' expectation to privacy and shall normally provide an
opportunity for employee rehabilitation. As part of its efforts to achieve that goal, it must require that its work be performed by employees who do not use illegal drugs or misuse controlled substances and/or alcohol as follows:

SECTION 1. EMPLOYEE INFORMATION AND OFF-DUTY CONDUCT

A. The District and the Union will provide for all personnel, on District time, an orientation program prior to implementation of the policy and will answer questions posed by employees regarding the policy’s application. New hire employees shall not be tested prior to being provided a copy of this policy.

B. The District recognizes that employees have a right to privacy and that any adverse action taken against any employee for off-duty conduct shall take into account the employee's right to privacy and the demonstrated impact of the employee's conduct on his job performance, the District's reputation, or the public's perception of the District's contract performance. Any disciplinary action for such drug-related conduct will be subject to the grievance procedure. With respect to any alleged off-duty related conduct, the arbitrator will be specifically instructed to balance the employee's right to privacy in his off-duty time with other legitimate job-related concerns in weighing the contractual propriety of disciplinary action.

SECTION 2. GROUNDS FOR TESTING

Employees will be subject to drug and alcohol testing under the following circumstances:

A. Where there is an objective reasonable basis that an employee has an in-system presence of any illegal drug, controlled substance or alcohol, herein after referred to as "substances", while on duty. For purposes of this Agreement, the terms "employee" or "bargaining unit employee" includes not only persons employed in positions covered by the Reedy Creek Fire Fighters Association, collective bargaining agreement, but also persons being recalled into such positions.

B. As part of a post-accident investigation in cases where:

1. The individual(s) subject to testing is directly linked to the accident, and,

2. The accident resulted in death, injury requiring medical treatment other than basic first aid, or property damage estimated to exceed forty five hundred dollars ($4,500.00), and,

3. The District documents an objective reasonable basis for the test based upon the employee's alertness, coordination, reaction, response or other specific actions or conduct. The parties agree that an accident does not, in and of itself, document an objective reasonable basis to test, however, it may be considered a significant component of the objective reasonable basis to test.

Specimen collection for purposes of testing associated with an accident will take place as soon as possible, under the circumstances.

C. In the event a government agency duly concerned with the Reedy Creek Improvement District (i.e., Department of Transportation, etc.) advises the District that employees in specified classifications will be required by law to
undergo job certification physical examinations, including drug tests as a condition of future employment, the Union shall be given immediate notice of any such requirement or proposed requirement. Such testing shall be conducted in accordance with the government regulations and the procedures established by this Agreement and shall not commence until the Union and the District have had a reasonable opportunity to discuss the impact of the government directive.

D. There shall be no random testing, except as provided in Section 9, nor mass testing. There shall be no testing for controlled substances during a medical/physical examination, except as may be required by participation in the EAP.

E. Anonymous communications shall not constitute reasonable suspicion.

SECTION 3. OBSERVATION AND NOTICE PROCEDURES

A. An employee will not be tested under Section 2 A. above unless his actions and/or conduct or other work-related circumstances provide an objective reasonable basis to believe that the employee may have taken drugs or alcohol and/or is suffering from impairment that will in some way adversely affect his alertness, coordination, reaction, response, safety, or the safety of others, while on duty. Such observation will be initially documented by the Commander or higher level of management and confirmed by another member of management wherever possible. Employees will not be subject to such testing without the express written consent of a senior member of management different from the observation supervisor nor without authorization from Labor Relations.

B. Management's observations will be discussed with the employee to afford the employee an opportunity to provide a reasonable explanation for the actions/conduct. Any employee under observation/evaluation for testing shall be entitled to request the presence of a Union Official in pre-test meetings with management. Provided a Union Official has been requested and is available, no specimen will be collected until the Union Official can discuss the matter with management. The Union agrees that the procedures described in Section 3 shall not operate in a manner that will impede timely collection of a biological specimen.

C. Refusal to provide a biological specimen will result in immediate discharge without an opportunity at a later date to reconsider/retract the refusal.

SECTION 4. DRUG TESTING PROCEDURES

A. Specimen collection for a drug test will be accomplished in a manner compatible with employee dignity and privacy. There will be no strip searches or opposite sex observation. In the usual case, the District will not observe specimen production, but the Union agrees that specimen production may be closely monitored in those cases where the District has a specific objective reason to believe that the employee may attempt to contaminate a test specimen. Proof of any form of tampering, altering, or diluting of a specimen by the employee will result in discharge. No employee shall be required to collect a blood or urine specimen from another employee.

Test specimens shall be sent only to laboratory facilities certified by an appropriate federal or state agency. The drug test laboratory and the specimen
collection facility must establish and maintain a forensically acceptable chain of custody. It will be the burden of the District to establish, in any case arising from a positive test result, that the appropriate chain of custody has been maintained.

If a dispute should arise over the selection of drug test laboratories, such dispute shall be resolved by arbitration. The laboratory(s) selected must, upon request, identify the drugs tested for, the methods used, the manufacturers of the test, the analytical limits and levels used, the methods of reporting results and the chain of custody procedures used to produce forensically acceptable test results. To be qualified under this section, the laboratory must participate in a program of "blind proficiency" testing where they analyze samples sent by an independent party.

C. The drug test will be performed utilizing urinalysis to screen for the following substances:
- Amphetamines
- Cocaine
- Marijuana
- Opiates
- Phencyclidine

The initial test shall use an immunoassay that meets the requirements of the Food and Drug Administration for Commercial Distribution. All specimens identified as positive in the initial test will be confirmed by a second procedure. Gas chromatography/mass spectrometry or an equivalent scientifically acceptable method of confirmation will be used. All confirmed positive test results will be verified by a Medical Review Officer prior to release to the District.

D. Test thresholds. The standard drug test thresholds for positive screen and GC/MS confirmation tests shall be as follows:

<table>
<thead>
<tr>
<th>Drug</th>
<th>EMIT Screen Cut-Off</th>
<th>Confirmation Cut-Off</th>
</tr>
</thead>
<tbody>
<tr>
<td>Marijuana</td>
<td>100ng/ml</td>
<td>15ng/ml</td>
</tr>
<tr>
<td>Cocaine</td>
<td>300ng/ml</td>
<td>150ng/ml</td>
</tr>
<tr>
<td>Opiates</td>
<td>300ng/ml</td>
<td>300ng/ml</td>
</tr>
<tr>
<td>Amphetamines</td>
<td>1000ng/ml</td>
<td>500ng/ml</td>
</tr>
<tr>
<td>Phencyclidine</td>
<td>25ng/ml</td>
<td>25ng/ml</td>
</tr>
</tbody>
</table>

In the event that the District elects to utilize tests other than the EMIT screen or the GC/MS Confirmation, the District will give the union written notice of the test methodology used and the threshold levels employed. Positive thresholds for any other test methodologies will be reviewed with the Union before they are applied. Any dispute over the acceptability of such alternative test methodologies or the positive test threshold to be applied shall be resolved by arbitration. It will be the burden of the District to establish the acceptability of the test and the reasonableness of the threshold.

E. Specimen Re-analysis. The laboratory shall preserve a sufficient aliquot specimen as to permit independent confirmatory testing by the employee and follow-up re-analysis at the request of the Union or the employer. Any re-
analysis performed will be done on the original sample provided. The Medical Review Officer shall endeavor to notify the employer and the employee of positive test results within five (5) working days after receipt of the specimen. The employee may request, in writing, a re-analysis within three (3) working days from notice of positive test result. Additionally or as an alternative, the employee may have the sample tested at a certified laboratory of his choice. Should this test result be negative, the test results will be considered negative.

Initial tests and re-analysis requested by the District will be paid by the District; costs of re-analysis for reconciliation will be split between the employee and the District. In the event the initial test is proven to be a false positive the employee shall be reimbursed for cost of test procedures paid for by the employee.

SECTION 5. alcohol testing procedures

Where employees are required under this policy to submit blood samples for alcohol testing, the samples will be taken in an appropriate collection facility. The collection facility and laboratory will use the same or equivalent chain of custody procedures and exercise the same or an equivalent level of professional care and scientifically accepted standards and procedures in the collection and testing of blood samples for the presence of alcohol as with urine samples for the presence of drugs. For the purposes of this policy if a test reveals the presence of alcohol at a level of 0.08% or more by weight, it shall be presumed that the employee has violated this policy. If the test reveals the presence of alcohol in excess of .05% by weight, but less than 0.08%, the results of the test will be considered along with all other relevant information (e.g., employee conduct, speech, performance, etc.) in determining whether the employee is in violation of this policy. If a test reveals the presence of alcohol of less than .05% by weight, it shall be presumed that the employee is not under the influence of alcohol in violation of this policy. In the event an employee objects to alcohol testing by blood sample, the District will test the employee through an evidentiary alcohol breath analyzer which conforms to the same standards as cited above.

The parties agree that use of an evidentiary alcohol breath analyzer, which is properly calibrated and which is operated by a certified technician, shall be conclusive proof of the accuracy of the results.

Furthermore, the District reserves the right, prior to implementation of this policy, to abandon blood samples in favor of the alcohol breath analyzer referenced above.

SECTION 6. NEGATIVE TEST RESULTS

Any employee who tests negative to any drug test under this Agreement (other than random tests as a follow-up to rehabilitation) shall be compensated for all lost time, at the appropriate wage rate. Time lost under such circumstances shall be treated as time worked for purposes of overtime premium eligibility.

SECTION 7. positive test results require eap participation
A. Any employee who has a confirmed positive test will be required to participate in the Employee Assistance Program (EAP). Failure to seek and receive EAP assistance or failure to abide by the terms and conditions or prescribed treatment will be grounds for discharge. Participation in the EAP shall be taken into account in considering appropriate disciplinary action. In the event of a first-time positive test, disciplinary action shall be limited, except as provided in Section 7.b., to the normal disciplinary referral notification process and the employee shall be released from duty and placed on a leave of absence until referral to the EAP or return to work. No employee shall be discharged as a result of their first positive drug or alcohol test pursuant to Section 2 above, so long as he/she agrees to participate in the EAP, subject to the terms and conditions of the District's prevailing health insurance. In instances where it is necessary, a leave of absence may be granted for treatment or rehabilitation through the EAP for substances on the same basis as it is granted for other medical conditions. Employees on leave of absence in accordance with the above shall be eligible to utilize available vacation or sick leave. Employees who test positive under this policy after an initial positive test, as referenced herein above, are subject to disciplinary action, not excluding termination.

B. This provision shall not be deemed a waiver of the District's existing right to initiate disciplinary action, including termination, in a situation where misconduct has occurred irrespective of the issue of drug usage.

SECTION 8. TEST RESULTS COMMUNICATED BY MRO

Test results shall be communicated by the Medical Review Officer, or the designated District representative. The District shall be responsible for maintaining confidentiality of test records and test results will be communicated to job site management strictly on a "need to know" basis. Employee drug test records shall not be released outside the Reedy Creek Improvement District medical department unless required by administrative action initiated by the employee or the Union. The employee shall be entitled to written notification of positive drug test results. The Medical Review Officer, upon written request from the employee, will report test results to the Union President.

SECTION 9. RANDOM TESTING

Random testing will be permitted only as a follow-up to rehabilitation and only for a reasonable period of time after rehabilitation, not to exceed one year.

SECTION 10. EMPLOYEE DISCIPLINE AND LEGAL RIGHTS

A positive random test after referral to the EAP shall be conclusive proof of just cause for termination. When and if it becomes necessary to impose discipline for drug-related conduct or job performance, as per Section 7.B., discipline will be judged by the contractual just cause standard and will be subject to the grievance/arbitration procedure. Except to the extent the employee(s) withholds consent as to particular documents personal to him/her, the District agrees to provide the Union, in advance, with whatever documentation or information the Union reasonably requires to process the grievance and/or arbitration. By establishing this policy, neither the District nor the Union waive any legal rights. The parties agree that this drug policy
shall not diminish the rights of individual employees under state or federal law relating to drug testing.

SECTION 11. MANAGEMENT/UNION OFFICIALS TRAINING

The District shall provide education for management personnel and Union officials regarding observation techniques, the availability and desirability of the Employee Assistance Programs and the need for observing strict confidentiality. Supervisors will be provided guidelines for maintaining confidentiality of all drug-related information and referring employees who may have a problem to appropriate counseling.

SECTION 12. HOLD HARMLESS

The District agrees that it shall indemnify and hold the Union harmless against any and all complaints, claims, judgments, or demands that may arise out of, or in any way are related to, the Union’s negotiation or participation in the foregoing drug policy applicable to employees or applicants, or the District’s activities in carrying out this drug testing program.
