ARTICLE XIII

(THIS ARTICLE RESERVED FOR FUTURE USE)

ARTICLE XIV
GENERAL

Section 1 Obligation to Bargain
This Agreement represents the entire agreement of the parties and shall supersede all previous agreements, written or verbal. The parties agree that the provisions of this Agreement shall supersede any provisions of the rules of the State's merit systems relating to any of the subjects of collective bargaining contained herein when the provisions differ with this Agreement. The parties acknowledge that during the negotiations which resulted in this agreement, each party had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that all of the understandings and agreements of the parties after the exercise of that right and opportunity are set forth in this Agreement. Therefore, the Union, for the life of this Agreement and any extension, each voluntarily and unqualifiedly waives the right and obligation to bargain collectively with respect to any subject or matter not covered in this Agreement, or with respect to any subject or matter not specifically referred to or covered in this Agreement, even though such subject or matter may not have been within the knowledge or contemplation of both of the parties at the time that they negotiated or signed this Agreement.

Section 2 Retention of Benefits
A. The Employer agrees, that prior to making any change in a written agency-wide policy which is a mandatory subject of bargaining and not otherwise covered by this Agreement, to meet and confer with the Union in an attempt to reach an agreement. In the event the parties are unable to reach an agreement, the matter will be submitted to arbitration pursuant to Article IV of this Agreement. The sole issue to be considered by the arbitrator is whether the proposed change represents a deterioration of an existing benefit. If the arbitrator determines that the proposed change represents a deterioration of an existing benefit, the Employer shall not make the change.

B. For the purpose of this Section the term "agency" means the individual departments of State government and each of the institutions within the BOR.

C. In the event the parties are unable to agree as to whether a policy is a mandatory subject of bargain will be submitted to PERB.

Section 3 Savings Clause
A. In the event any Article, section or portion of this Agreement should be held invalid and unenforceable by operation of law or by any tribunal of competent jurisdiction, such decision shall apply only to the specific Article, section or portion thereof specifically specified in the decision; and upon issuance of such a decision, the Employer and the Union agree to immediately negotiate a substitute for the invalidated Article, section or portion thereof.

B. In the event the parties fail to agree on the provisions of the substitute in fifteen (15) days following the start of negotiations, the parties shall request a list of five (5) arbitrators from PERB. The first strike shall be decided by a coin toss and the parties shall alternately strike until there is one name remaining who shall become the arbitrator. Either party may request a second list of arbitrators from the PERB if they so desire. The arbitrator shall decide between Management's and the Union's final offer as to which is the most appropriate substitute. The decision of the arbitrator shall be final and binding on both parties.

C. Should any provision of this Agreement jeopardize the receipt by the State of any federal grant-in-aid or other federal allotment of money, the provision shall be deemed invalid. However, such invalidation shall not invalidate the remaining portions hereof and they should remain in full force and effect. The parties shall immediately renegotiate the invalid provision or, in the absence of an agreement, submit the dispute to arbitration in accordance with their respective rights and duties under this Agreement.
set forth above.

D. The parties disavow the Polk County District Court's decision in the matter of AFSCME vs. State Number CE 37-21870 issued by Judge Rodney Ryan on February 6, 1992 regarding the savings clause agree that decision is not precedent setting and shall have no effect for the duration of this Agreement.

TERMINATION OF AGREEMENT

The terms and conditions of this Agreement shall continue in full force and effect commencing on July 1, 1999 and terminating on June 30, 2001 unless the parties mutually agree in writing to extend any or all of the terms of this Agreement. Upon termination of the Agreement, all obligations under the Agreement are automatically canceled.

Negotiations for a new Agreement shall commence on or before November 30, 2000. In the event the parties fail to reach an agreement by January 1, 2001 mediation shall be requested. In the event the parties are still at impasse on February 1, 2001 the dispute shall be submitted to final and binding arbitration. In the event the dispute is submitted to arbitration, the arbitrator's decision shall be rendered by no later than March 1, 2001. The parties may mutually agree to eliminate or modify any of the above impasse procedures.

APPENDIX C

ENROLLMENT PERIODS, OTHER

ENROLLMENT CHANGES, AND MOVEMENT AMONG PLANS

1. Health Benefits Plans

a. New Employees New employees may enroll in single or family coverage within thirty (30) calendar days of employment or during the first enrollment and change period following their date of employment. Dependents not enrolled during these periods will be considered late enrollees, subject to an eight (8) preexisting condition(s) waiting period.

b. PROMISE Employees

PROMISE program employees, as established by Executive Order Number 27, may enroll in single or family coverage within thirty (30) calendar days of the expiration of their Medicaid benefits.

c. Annual Enrollment and Change Period Beginning in October of each year, there will be a thirty (30) annual enrollment and change period when employees may select any health plan offered for which the employee is eligible (single or family contract must remain a single or family contract).
d. Changes During a Plan Year

If an employee, an employee's spouse or a dependent joins as a member of a health plan contract when there is not a timely or qualified family status change, or at a time other than the initial eligibility for newly hired employees (late enrollee) will be subject to an eighteen (18) month preexisting condition(s) waiting period. The State shall determine, subject to federal law, whether the preexisting condition(s) waiting period shall apply.

Under certain circumstances, employees enrolled in a State health plan may change from single to family coverage, or may add dependents during the year without the eighteen (18) month preexisting condition(s) waiting period that timely application is made and that only dependents directly affected by the event are added to coverage. A change may be made if a new application is submitted within thirty (30) calendar days of any of the following events:

- Marriage;
- Death of a spouse or dependent;
- Adoption of a child, addition of stepchildren or foster children to the family;
- Employee or spouse reaches age 65;
- Spouse or dependents who through no election of their own, have lost coverage. Proof of loss shall be Loss of Coverage Statement signed and dated by the previous employer (which all employers are required by federal law to provide upon request);
- Employee, spouse or dependent becomes eligible for Medicare;
- Divorce, annulment, legal separation, or dissolution of marriage;
- Dependent no longer eligible (age 19 or over and no longer a full-time student, or dependent marries).

At the time of the birth of a biological child, the Plan 3 Plus and Iowa Select the redesigned PPO carrier will add this newborn to the existing family health contract when information becomes available from any valid source that this birth occurred, e.g., hospital or professional claims submission, or an enrollment form. The effective date of enrollment will be the date of birth. Note: HMOs and ODSs require an enrollment form to be completed by the subscriber within thirty (30) days of the birth.

If a single health contract is in effect at the time of the birth of a biological child, the enrollee must submit an application to the carrier to change to a family health contract within thirty (30) days of the date of this birth. The effective date of the family health contract will be the first day of the month in which the biological child was born. Deductions for payment of the family contract will be taken retroactively to reflect the change to a family contract. Other family members not affected by the birth are not eligible to be added because of this "event.”

If the single health contract holder does not submit the application for family coverage within thirty (30) days of the biological child, the child will be considered a late enrollee and benefits payments will not be made retroactive to the date of birth.

e. Sixty-three (63) Day Provision
The State's eleven month preexisting condition(s) waiting period will be offset for "credible coverage." If fewer than sixty-three (63) days have passed between an eligible member's prior health benefit coverage to a State's health benefit plan, the State will credit that member for the time covered by the prior health time will be subtracted from the State's eleven month preexisting condition(s) waiting period. This is change the State's effective date of coverage.

f. The IDOP Director may conduct or research health benefit-related projects of limited duration and s improve the quality, access or affordability of the health benefit program for State employees. This provision but is not limited to, development and implementation of a joint purchasing project among other public health benefit purchasers.

2. Dental Benefits Plan

b. PROMISE Employees

c. Enrollment and Change Period

There will be no annual enrollment and change period for dental benefits and enrollment through underwriting is not available.

d. Changes During a Plan Year

A change from family to single coverage may be made at any time during the plan year. A change from coverage or addition of dependents to existing family contracts may only be made if an application is thirty (30) calendar days of any of the following events, and provided that only those dependents directly affected by the event are added to coverage:

Marriage;

Death of a spouse or dependent;

Birth of a child when the subscriber has HMO or ODS health coverage;

Adoption of a child, addition of step children or foster children to the family;

Employee or spouse reaches age 65;

Proof of loss shall be the Involuntary Loss of Coverage Statement - signed and dated by the previous employer (which all employers are required to provide upon request);
Employee, spouse or dependent becomes eligible for Medicare;

Divorce, annulment, legal separation, or dissolution of marriage;

Dependent no longer eligible (age 19 or over and no longer a full-time student, or dependent marries).

If a single dental contract is in effect at the time of the birth of a biological child, the enrollee must submit a form to change to a family dental contract within thirty (30) days of the date of this birth. The effective date of the dental contract will be the first day of the month in which the biological child was born. Appropriate employee deductions for payment of the family contract will be taken retroactively to reflect the change to a family contract. Other family members not affected by the birth are not eligible to be added because of this "event."

The reimbursement shall be the amount that would be required to reduce the new mortgage balance to an amount that could be amortized at the same monthly payment (principal and interest) as the old mortgage. If the new mortgage is less than the computed amount for a new mortgage, the differential will be prorated and reduced accordingly; the payment will be calculated in accordance with Attachment 4.

g. Market value differential.

Market value differential is the difference between the actual sale price obtained for the former principal residence and its estimated market value based on independent appraisals. If possible, obtain appraisals prior to placing the former principal residence on the market.

The differential is used when the actual sale price obtained for a residence is less than the estimated market value based on independent appraisals. The amount to be reimbursed shall not exceed 50% of the difference between the price obtained (following a good faith effort, including the use of a realtor, to market the property) and two estimates of the market value prepared by two independent appraisers. The amount of the payment will be calculated using Attachment 5.

The cost of the appraisals and any market value differential payment shall be included in the maximum allowable under this section.

Processing relocation expenses claims.

Travel claims for all relocation expenses are submitted to the Department of Revenue and Finance (DRF-DAPR) for processing. Only expenses that are not subject to withholding will be paid on a Travel Voucher (TV) for relocation expenses (Attachment 2). All expenses to be paid for the relocation will be detailed and coded on the TV, but the accounting lines for the taxable expenses will need to have a line drawn through them on the TV, charged to object code 2575, and paid through the payroll system. The Relocation Expenses Recap form (Attachment 8) details the expenses that will be paid through the DRF-DAPR and which expenses will be paid through the payroll system. An expenditure correction document (EC) must be submitted with the TV when there are expenses that are taxable and paid through the payroll system. This EC decreases object code 2575 and increases the applicable object codes with the gross amount of each expense. The amount of the decrease on the EC will equal the amount that was lined off the TV and paid through the payroll system. All documents relating to the relocation submitted to the DRF-DAPR must be single documents using the blue batch ticket and have no approvals applied to the system. The claim is initiated by the DRF-DAPR. The Relocation Expenses Recap form is initialed by the DRF-DAPR and the pink copy is sent back to the originating agency if there are expenses to be paid through the payroll system (the goldenrod copy is for the agency's records). It is then the responsibility of the employee's department to prepare a Pay Information form (P-9) (Attachment 9) to include the amount that is subject to withholding in the employee's bi-weekly pay check. The amount must be entered in the field entitled "MOVE/MILE SUBJ. TO W/H."
For the purposes of payment through the DRF-DAPR, the minimum documentation needed (or referenced)

2. Completed Travel Voucher (TV) for Relocation Expenses (Attachment 2).

3. Originals of the Moving Company Bid Sheet (Attachment 3) from two or more authorized carriers.

6. Employees who have not been on their current step for at least one year will remain in their current step interval of the new pay plan. Employees who have been on their current step for more than one year will move to the next higher step. If the implementation would cause an employee to be at a new pay rate that is less than the employee's current pay rate, that person shall retain their current pay rate until such time as they are eligible to move to the new pay plan.

7. Employees who have been at the top of their pay plan for more than one year will move to the next lower step.
