(c) In determining new hourly rates, fractions of a cent will be disposed of by applying the next higher quarter of a cent.

Such differential will continue to be applied in the same manner as the local freight differential.

(h) In computing the first increase in rates of pay effective under Section 1 for firemen employed in local freight service, or on road switchers, roustabout runs, mine runs, or in other miscellaneous service, on runs of miles equal to or less than the number comprising a basic day, which are therefore paid on a daily basis without a mileage component, whose rates had been increased by "an additional $.4011 effective July 1, 1966, the three-and-one-half (3-1/2) percent increase shall be applied to daily rates in effect on the day preceding the effective date of the general wage increase provided for in Section 1, exclusive of local freight differentials and any other money differential above existing standard daily rates. For firemen, the rates applicable in the weight-on-drivers bracket 950,000 and less than 1,000,000 pounds shall be utilized in computing the amount of increase. The same procedure shall be followed in computing the increases effective July 1, 1997 and July 1, 1999. manner as

the local freight differential.

(iii) Daily rates of pay, other than standard, of firemen
employed in local freight service, or on road switchers,
roustabout runs, mine runs, or in other miscellaneous service, on runs of miles equal to or less than the number encompassed in the basic day, which are therefore paid on a daily basis without a mileage component, shall be increased as of the effective dates specified in Sections 1, 4, and 6 hereof, by the same respective percentages as set forth therein, computed and applied in the same manner as provided in paragraph (i)(i) above.

Part C - Cost-of-Living Allowance and Adjustment

January 1, 2000

0 After
(a) A cost-of-living allowance shall be payable in the manner set forth in and subject to the provisions of this Part, on the basis of the "Consumer Price Index for Urban Wage Earners and Clerical Workers (Revised Series) (CPI-W)II (1967=100), U.S. Index, all items - unadjusted, as published by the Bureau of Labor Statistics, U.S. Department of Labor, and hereinafter referred to as the CPI. The first such cost-of-living allowance shall be payable effective July 1, 2000 based, subject to paragraph (d), on the CPI for March 2000 as compared with the CPI for September 1999. Such allowance, and further cost-of-living adjustments thereto which shall become effective as described below, shall be based on the change in the CPI during the respective measurement periods shown in the following table, subject to the exception provided in paragraph (d) (iii), according to the formula set forth in paragraph (e).
Measurement Periods and Effective Dates conforming to the above schedule shall be applicable to periods subsequent to those specified above during which this Article is in effect.

(b) While a cost-of-living allowance is in effect, such cost-of-living allowance shall apply to straight time, overtime, vacations, holidays and to special allowances in the same manner as basic wage adjustments have been applied in the past, except that such allowance shall not apply to duplicate time payments,
including arbitraries and special allowances that are **expressed** in

* time, miles or fixed **amounts** of money.

(c) The amount of the cost-of-living allowance, if any, that

shall be effective from one adjustment date to the next may be

equal to, or greater or less than, the cost-of-living allowance in

effect in the preceding adjustment period.

(d) (i) **Cap.** In calculations under paragraph (e), the

maximum increase in the CPI that shall be taken into account shall be as follows:

<table>
<thead>
<tr>
<th>Effective Date</th>
<th>Maximum CPI Increase That Of Adjustment May Be Taken Into Account</th>

</table>
July 1, 2000 3% of September 1999 CPI

January 1, 2001 61% of September 1999 CPI

less the increase from

September 1999 to March 2000

Effective Dates of Adjustment and Maximum CPI Increases conforming to the above schedule shall be applicable to periods subsequent to those specified above during which this Article is in effect.

(ii) Limitation. in calculations under paragraph (e), only fifty (50) percent of the increase in the CPI in any measurement period shall be considered.

(iii) If the increase in the CPI from the base month of
September 1999 to the measurement month of March 2000 exceeds

3% of the September 1999 base index, the measurement period

that shall be used for determining the cost-of-living
adjustment to be effective the following January shall be
the 12-month period from such base month of September; the
increase in the index that shall be taken into account
shall be limited to that portion of the increase that is in
excess of 3% of such September base index; and the maximum
increase in that portion of the index that may be taken
into account shall be 6% of such September base index less
the 3k mentioned in the preceding clause, to which shall be
added any residual tenths of points which had been dropped
under paragraph (e) below in calculation of the cost-of-
living adjustment which shall have become effective July 1,
2000 during such measurement period.

(iv) Any increase in the CPI from the base month of

September 1999 to the Measurement month of September 2000
in

excess of 6k of the September 1999 base index shall not be

taken into account in the determination of subsequent cost-
of living adjustments.
The procedure specified in subparagraphs (iii) and (iv) shall be applicable to all subsequent periods during which this Article is in effect.

(e) Formula. The number of points change in the CPI during a measurement period, as limited by paragraph (d), shall be converted into cents on the basis of one cent equals 0.3 full points. (By 110.3 full points" it is intended that any remainder of 0.1 point or 0.2 point of change after the conversion shall not be counted.)

The cost-of-living allowance in effect on December 31, 2000 shall be adjusted (increased or decreased) effective January 1, 2001 by the whole number of cents produced by dividing by 0.3 the number of points (including tenths of points) change, as limited by paragraph (d), in the CPI during the applicable measurement period. Any residual tenths of a point resulting from such division shall be dropped. The result of such division shall be added to the amount of the cost-of-living allowance in effect on December 31, 2000 if the CPI shall have been higher at the end than at the beginning of the measurement period, and subtracted therefrom only if the index shall have been lower at the
end than at the beginning of the measurement period and
then, only, to the extent that the allowance remains at
zero or above. The same procedure shall be followed in
applying subsequent adjustments.

Continuance of the cost-of-living allowance and the
adjustments thereto provided herein is dependent upon the
availability of the official monthly ELS Consumer Price
Index (CPI-W) calculated on the same basis as such Index,
except that, if the Bureau of Labor Statistics, U.S.
Department of Labor should, during the effective period of
this Article, revise or change the methods or basic data
used in calculating such Index in such a way as to affect
the direct comparability of such revised or changed index
with the CPI-W during a measurement period, then that
Bureau shall be requested to furnish a conversion factor
designed to adjust the newly revised index to the basis of
the CPI-W during such measurement period.

Section 2 - Payment of Cost-of-Living Allowances

(a) The cost-of-living allowance payable to each employee
effective July 1, 2000 shall be equal to the difference
between W the cost-of-living allowance effective on that

lesser of (x) the cents per hour produced by dividing one-
quarter of the increase, if any, in the carriers' 1999
payment rate for foreign-to-occupation health
benefits under the Plan over such payment rate for 1998, by the average composite straight-time equivalent hours that are subject to wage increases for the latest year for which statistics are available, and (y) one-half of the cost-of-living allowance effective July 1, 2000.

(b) The increase in the cost-of-living allowance effective January 1, 2000 pursuant to Section 1 of this Part shall be payable to each employee commencing on that date.

(c) The increase in the cost-of-living allowance effective July 1, 2001 pursuant to Section 1 of this Part shall be payable to each employee commencing on that date.

(d) The procedure specified in paragraphs (b) and (c) shall be followed with respect to computation of the cost-of-living allowances payable in subsequent years during which this Article is in effect.
(e) The definition of the carriers' payment rate for foreign-to-occupation health benefits under the Plan set forth in Section 9 of Article I shall apply with respect to any year covered by this Section.

(f) In making calculations under this Section, fractions of a cent shall be rounded to the nearest whole cent; fractions less than one-half cent shall be dropped and fractions of one-half cent or more shall be increased to the nearest full cent.

Section 3 - Application of Cost-of-Living Allowances

The cost-of-living allowance provided for by Section I of this Part C will not become part of basic rates of pay. In application of such allowance, each one cent per hour of cost-of-living allowance that is payable shall be treated as an Increase of 8 cents in the basic daily rates of pay produced by application of Article I. The cost-of-living allowance will otherwise be applied in keeping with the provisions of Section 8 of Article I.

An eligible employee who renders compensated service on, or receives vacation pay for, an aggregate of at least seven (7) calendar days in a calendar month will be covered under the Plan, along with his eligible dependents, during the immediately succeeding calendar month. Any calendar day on which an employee assigned to an extra list is available for service but does not perform service shall be deemed a day of compensated service solely for purposes of this Section.
(b) Managed Care. Managed vision care networks that meet standards developed by the National Carriers' Conference Committee concerning quality of care, access to providers and cost effectiveness shall be established wherever feasible. Employees who live in a geographical area where a managed vision care network has been established will be enrolled in the network along with their covered dependents. Employees enrolled in a managed vision care network will have a point-of-service option, allowing them to choose an out-of-network provider to perform any vision care service covered by the Plan that they need. The benefits provided by the Plan when services are performed by in-network providers will be greater than the benefits provided by the Plan when the services are performed by providers who are not in-network providers, including providers in geographic areas where a managed vision care network has not been established. These two sets of benefits will be as described in the table below.

**ARTICLE V - BENEFITS ELIGIBILITY**

**Section 1 - Health and Welfare Plan**

The Railroad Employees National Health and Welfare Plan ("the Plan") is amended, effective January 1, 1996, as provided in this Section. Any calendar day on which an employee assigned to an extra list is available for service but does not perform service shall be deemed a day of compensated service solely for purposes of this Section.
Existing Plan provisions pertaining to eligibility for and termination of coverage not specifically amended by this Section shall continue in effect.

Section 2 - Vacation Benefits

Existing rules governing vacations are amended as follows effective January 1, 1997:

The multiplying factors set forth in vacation rules in effect on the date of this Agreement shall be amended to provide that each basic day in yard service performed by a yard service employee or by an employee having interchangeable road and yard rights shall be computed as 1.6 days, and each basic day in all other services shall be computed as 1.3 days, for purposes of determining qualification for vacation based on service rendered in the preceding calendar year.
NOTE: It is the parties' intention that, in accordance with application of the multiplying factors set forth in existing vacation rules as amended above, commencing with calendar year 1997 this subsection would require the equivalent of 150 qualifying days in a calendar year in yard service and 180 qualifying days in a calendar year in road service to qualify for an annual vacation for the succeeding year.

(b) Calendar days on which an employee assigned to an extra list is available for service and on which days he performs no service, not exceeding ninety (90) such days, will be included in the determination of qualification for vacation; also, calendar days, not in excess of forty-five (45), on which an employee is absent from and unable to perform service because of injury received on duty will be included. Such calendar days shall not be subject to the multiplying factors set forth in existing vacation rules as amended.
(c) Calendar days on which an employee is compensated while attending training and rules classes at the direction of the carrier will be included in the determination of qualification for vacation. Such calendar days shall not be subject to the multiplying factors set forth in existing vacation rules as amended.

(d) During a calendar year in which an employee's vacation entitlement will increase on the anniversary date, such employee shall be permitted to schedule the additional vacation time to which entitled on the anniversary date at any time during that calendar year.

(e) An employee may make up to two splits in his annual vacation in any calendar year.

(a) An employee covered by Section 1 shall have the right, in seniority order, to bid on vacant positions or claim open locomotive engineer positions at any location on the carrier at any time within ninety (90) days after being deprived of employment. Seniority issues associated with the exercise of that right shall be resolved by the carrier and the organization representative or, absent agreement and at the request of either party by written notice served on the appropriate representative of the other party, by final and binding arbitration as provided in subsection (b). Solely for the purpose of this Section, a single locomotive engineer seniority roster for the carrier shall be developed, in accordance with applicable rules and procedures, no later than June 30, 1996.
(b) The arbitrator shall be selected by the parties. If they fail to agree within five days from the date notice of the submission to arbitration is received from the moving party, either party may request a list of five potential arbitrators from the National Mediation Board, from which the parties shall choose the arbitrator through alternate striking. The order of such striking shall be determined by coin flip unless otherwise agreed by the parties. The fees and expenses of the arbitrator shall be paid under Section 153 of the Railway Labor Act.

(C) An employee exercising rights under this Section who relocates his residence shall receive a relocation allowance of $5,000, provided, however, that an employee shall be required to elect between such allowance and any carrier relocation benefits that may be provided to such employee under other existing agreements or arrangements. Such allowance shall be paid in two equal installments: the first payable on the relocation date, and the second ninety (90) days thereafter. Such allowance (or any portion thereof) shall be payable as provided as long as the individual has an employment relationship with the carrier and is still at the new location at the time the payment is due.
NOTE: Employees who presently have extended seniority and who are deprived of employment on their prior right territory(s) as a result of a transaction covered in Section 1, will be covered by the conditions of Section 2 (c), provided that any exercise of seniority must be beyond their prior right territory(s), with a minimum of fifty (50) miles distance.

Section 3

In the case of any transaction authorized under 49 U.S.C. §10901 (or any successor provision), the arrangements provided for under this Article shall be deemed to fulfill all of the parties' bargaining obligations that may exist under any applicable statute, agreement or other authority with respect to such transaction, and shall also be deemed to satisfy the standards for the protection of the interests of employees who may be affected by such transaction described in 49 U.S.C. §10901(e).

Section 4
This Article shall become effective ten (10) days after the date of this Agreement and is not intended to restrict any of the existing rights of a carrier except as specifically provided herein.

ARTICLE VIII — RATE PROGRESSION ADJUSTMENT FOR PROMOTION

Section 1

(a) An employee who is subject to national rules concerning rate progression on the effective date of this Article shall have his position on the rate progression scale adjusted to the next higher level upon promotion to engineer. An employee covered by this Agreement who is subject to Article IV, Section 5 of the 1991 National Implementing Document (Rate Progression - New Hires) on the effective date of this Article shall have his position on the rate progression scale adjusted to the next higher level on such effective date.

(b) The next adjustment to an employee's position on the rate progression scale after the adjustment specified in subsection (a) of this Section shall be made when such employee completes one year of "active service" (as defined by the aforementioned Article IV, Section 5) measured from the date on which that employee would have attained the position on the rate progression scale provided pursuant to subsection (a) of this Section.
Section 2

Local rate progression rules applicable on a carrier that is not covered by the aforementioned Article IV, Section 5 are hereby amended in the same manner as provided in Section 1.

Section 3

This Article shall become effective ten (10) days after the date of this Agreement and is not intended to restrict any of the existing rights of a carrier except as specifically provided herein.

ARTICLE IX - ENHANCED CUSTOMER SERVICE
Article IX - Special Relief, Customer Service - Yard Crews of the 1991 National Implementing Document is amended to read as follows and furthermore shall be applicable to all carriers party to this Agreement:

Section I

(a) When an individual carrier has a customer request for particularized handling that would provide more efficient service, or can show a need for relaxation of certain specific work rules to attract or retain a customer, such service may be instituted on an experimental basis for a six-month period.

(b) Prior to implementing such service, the carrier will extend seven (7) days advance notice where practicable but in no event less than forty-eight (48) hours, advance notice to the General Chairman of the employees involved. Such notice will include an explanation of the need to provide the service, a description of the service, and a description of the work rules that may require relaxation for implementation. Relaxation of work rules that may be required under this Article shall be limited to: starting times, yard limits, calling rules, on/off duty points, seniority boundaries, and class of service restrictions.
(c) A Joint Committee, comprised of an equal number of carrier representatives and organization representatives, shall determine whether a need exists, as provided in paragraph (a), to provide the service. If the Joint Committee has not made its determination by the end of the advance notice period referenced in paragraph (b), it shall be deemed to be deadlocked, and the service will be allowed on an experimental basis for a six-month period. If, after the six-months has expired, the organization members of the Joint Committee continue to object, the matter shall be referred to arbitration.

(d) If the parties are unable to agree upon an arbitrator within seven days of the date of the request for arbitration, either party may request the National Mediation Board to provide a list of five potential arbitrators, from which the parties shall choose the arbitrator through alternate striking. The order of such striking shall be determined by coin flip unless otherwise agreed by the parties. The fees and expenses of the arbitrator shall be borne equally by the parties.
(e) The determination of the arbitrator shall be limited to whether the carrier has shown a bona fide need to provide the service requested or can provide the service without a special exception to existing work rules being made at a comparable cost to the carrier. If the arbitrator determines that this standard has not been met, the arbitrator shall have the discretion to award compensation for all wages and benefits lost by an employee as a result of the carrier's implementation of its proposal.

Section 2

This Article shall become effective ten (10) days after the date of this Agreement and is not intended to restrict any of the existing rights of a carrier.

ARTICLE X - DISPLACEMENT

Section 1
(a) Where agreements that provide for the exercise of displacement rights within a shorter time period are not in effect, existing rules are amended to provide that, an employee who has a displacement right on any position (including extra boards) within a terminal or within 30 miles of such employee's current reporting point, whichever is greater, must, from the time of proper notification under the applicable agreement or practice, exercise that displacement right within forty-eight (48) hours.

(b) Failure of an employee to exercise displacement rights, as provided in (a) above, will result in said employee being assigned to the applicable extra board, seniority permitting. (The applicable extra board is the extra board protecting the assignment from which displaced.)

(c) In the event force assignment is not compatible with local agreements, prior to implementation, the parties will meet on property to determine an avenue of assignment.

Section 2
This Article shall become effective ten (10) days after the date of this Agreement and is not intended to restrict any of the existing rights of a carrier.

**ARTICLE XI - NATIONAL WAGE AND RULES PANEL**

**Section 1**

(a) The parties, realizing the complexities of the changing rail industry and environment, and to alleviate any adversarial relationships emanating from such, agree to establish a non-binding joint review Panel to study and examine those unresolved subjects.

Use of Surplus Employees

Employee Utilization

Section 3

The Panel shall promptly establish its operating procedures, which shall be designed to review and evaluate the facts regarding the aforementioned subjects and to expedite and enhance the opportunity to reach joint voluntary solutions to matters in dispute between the parties with respect to those subjects. The Panel may, by unanimous vote of the members and with the consent of the respective Carriers and General Committee(s) involved, develop and implement pilot projects and similar initiatives that would permit the Panel to test and evaluate, on a limited basis, potential alternatives to existing arrangements that would resolve issues of concern to the parties.
Section 4

(a) If the parties have not reached agreement on issues pertaining to the matters covered by Section 2 by January 1, 1999, the Panel shall make recommendations for disposing of all unresolved issues not later than July 1, 1999. While the Panel's recommendations shall not be considered final and binding, the parties shall exert good faith efforts to utilize those recommendations as a basis for settlement of the issues involved. Notwithstanding any provision to the contrary, the Panel may be dissolved at any time by majority vote of the members.

(b) It is agreed that antecedent proposals exchanged between the parties relating to those items subject to the Panel shall not be considered precedential or cited in further handling of any issue before any tribunal established to resolve disputes under the Railway Labor Act.

ARTICLE XII - GENERAL PROVISIONS

(d) The parties to this Agreement shall not serve nor progress prior to November 1, 1999 (not to become effective before January 1, 2000) any notice or proposal which might properly have been served on November 1, 1994, and any pending notices which propose such matters are hereby withdrawn.

(e) This Article will not bar management and committees on individual railroads from agreeing upon any subject of mutual interest.
Dear Mr. McLaughlin:

This confirms our understanding with respect to the general wage increase provided for in Article I, Section 1, and the signing bonus provided for in Article 1. Section 2, of the Agreement of this date.
The carriers will make all reasonable efforts to pay the retroactive portion of such general wage increase and the signing bonus as soon as possible and no later than sixty (60) days after the date of this Agreement.

If a carrier finds it impossible to make such payments within that specified time period, such carrier shall notify you in writing explaining why such payments have not been made and indicating when the payments will be made.

Very truly yours,

Dear Mr. McLaughlin:

This confirms our understanding regarding Article I - Wages of the Agreement of this date.

Solely for the purpose of concluding this Agreement, the carriers have agreed to apply the general wage increases provided for therein to mileage rates of pay for miles run in excess of the number of miles comprising a basic day (overmiles) and to compute the lump sums provided for therein without excluding overmiles.
Our agreement to include language providing for such applications shall not be considered as precedent for how such issues should be addressed in the future and is without prejudice to our position that this component of the pay system is inappropriate.

Dear Mr. McLaughlin:

This refers to the Lump Sum Payments prov.-ded for in Article I of the Agreement of this date.

Sections 3 and 5 of Article I are structured so as to provide payments that are essentially based on the compensation earned by an employee during a specified calendar year. Section 10 provides that all of these payments are payable to an employee who has an employment relationship as of the dates such payments are made or has retired or died subsequent to the beginning of the applicable calendar year used to determine the amount of such payments. Thus, for example, under Section 3 of Article I, except for an employee who has retired or died, the Agreement requires that an employee have an employment relationship on July 1, 1996 in order to receive that lump sum payment.
The intervals between the close of the measurement periods and the actual payments established in the 1991 National Implementing Document were in large measure a convenience to the carriers in order that there be adequate time to make the necessary calculations.

In recognition of this, we again confirm the understanding that an individual having an employment relationship with a carrier on the last day of a particular calendar year used to determine the amount of a payment under Section 3 and 5 of Article I will not be disqualified from receiving the payment provided for in the event his employment relationship is terminated following the last day of such calendar year but prior to the payment due date.

Dear Mr. McLaughlin:

During the negotiations which led to the Agreement of this date, the parties had numerous discussions about the relationship between time worked and benefits received. The carriers were concerned that certain employees were not making themselves sufficiently available for work, but due to the then current eligibility requirements such employees remained eligible for health and welfare benefits.

As a result of these discussions, the parties agreed to tighten one eligibility requirement from any compensated service in a month to seven calendar days compensated service in a month (the "seven-day rule"). However, it was not the intent of the parties to affect employees by this change where such employees have made themselves available for work and would have satisfied the seven-day rule but for an Act of God, an assignment of work which did not permit satisfaction of the seven-day rule, or because monthly mileage limitations, monthly earnings limitations and/or maximum monthly trip provisions prevented an employee from satisfying that rule.

Also, where employees return to work from furlough, suspension, dismissal, or disability (including pregnancy),
or commence work as new hires, at a time during a month when there is not opportunity to render compensated service on at least seven calendar days during that month, such employees will be deemed to have satisfied the seven-day rule, provided that they are available or actually work every available work opportunity.

However, in no case will an employee be deemed eligible for benefits under the new eligibility requirement if such employee would not have been eligible under the old requirements.

Dear Mr. McLaughlin:

This confirms our understanding regarding Article IX
Enhanced Customer Service of the Agreement of this date.

In recent years the rail freight sector of the transportation market place has taken steps toward a more competitive discipline which, if successful, could point the rail industry toward more growth. The parties to this Agreement are intent on nurturing these improvements. In this respect we mutually recognize that an important reason underlying the recent improvement has been enhanced focus on customer needs and improved service as the framework for working conditions. Increased employee productivity and more immediate responses to customer needs by railroad employees at all levels have been and will continue to be at the very heart of this effort.
In order to continue these recent improvements, the parties intend to respond to customers' needs with even greater efforts. In Article IX, we have developed a framework for achieving our mutual goal of retaining existing customers and attracting new business by providing more efficient and expedient service, including relaxation of work rules specified therein where and to the extent necessary for those purposes. We are also in accord that these undertakings should appropriately recognize the interests of affected employees in fair and equitable working conditions.

This will confirm our understanding that the NCCC Chairman and the BLE President shall promptly confer on any carrier proposal under Article IX that the BLE President deems to be egregiously inconsistent with our mutual intent. Such proposal shall be held in abeyance pending conference and shall not be implemented until adjusted by agreement of the parties or, absent such agreement, resolved by expedited, party paid arbitration as set forth in the attachment hereto.

MEMORANDUM OF AGREEMENT
Between
BURLINGTON NORTHERN RAILROAD COMPANY
And The
BROTHERHOOD OF LOCOMOTIVE ENGINEERS

ARTICLE -XIII

Each engineer, regardless of length of service, who is required by the Carrier to attend periodic training in order to maintain certification pursuant to CFR Part 240, at a location other than his home terminal, will be allowed $233.00 for each day of classroom training. This allowance is not subject to entry rate reductions. One travel day prior to first day of training, and one travel day following training,
will not be compensated under this provision. Any travel requirements that exceed the one day, either before or after training, will be compensated by allowance of $233.00 for each additional calendar day. This allowance is subject to general wage and cost of living allowance increases. Reasonable transportation, lodging and meal expenses will be allowed. This provision supersedes all preceding provisions, agreements, understandings or practices concerning payment for engineer certification. This article is not intended to apply to safety meetings, rules exams or similar activities that are conducted at the home terminal.

ARTICLE XIV ENTRY RATES

Every locomotive engineer will be compensated at full (100%) rates when actually working as an engineer, including while assigned to engineers' guaranteed extra board. All other compensation, including but not limited to deadheading compensation, will be subject to applicable entry rate progressions.

ARTICLE XV SPECIAL PAY DIFFERENTIAL
On the effective date of this agreement, all allowances paid to engineers, regardless of length of service, for working with a reduced crew and all related entitlement are eliminated. Payments eliminated include payments under Article I of OPS 33-81 and OPS 34-81, dated April 24, 1981, Side Letter 20 of Arbitration Award 458, and Article V - Special Pay Differential contained in Implementation of Public Law 102-29. The differential of $4.00 and .04 cents per mile and/or $6.00 and .06 cents per mile paid to engineers working without a fireman is also eliminated.

On the effective date of this agreement, each engineer regardless of length of service, actually working in through freight service (subject to the 130-mile basic day) will receive a flat payment of $27.00 for each such working trip or tour of duty, in addition to normal trip payments provided for in other agreements and not canceled by this agreement. Each engineer in any other class of service will receive a flat payment of $18.00 for each such working trip or tour of duty, in addition to normal trip payments. These payments are frozen through June 30, 1998, and then subject to a 3.50% wage increase effective July 1, 1998, and thereafter will be subject to general wage and cost of living increases.

**ARTICLE XVI 401 (K)**

A 401 (k) plan or arrangement will be established as soon as practicable and following ratification of this agreement, in which locomotive engineers can participate and in which the employee contribution level is equal to the maximum Company deduction allowable by law, based upon locomotive engineers' compensation and assuming maximum participation by all participants.
ARTICLE XVII TERRITORIAL QUALIFICATION

When an engineer is required by rules to make territorial qualification or familiarization trips, such engineer will be compensated by allowance of a basic day at the rate of the Engineers' Guaranteed Extra List Agreement, dated April 4, 1994, for each trip or tour of duty. Such trips will be made with a certified engineer who is currently qualified on the territory, or with a qualified officer of the Carrier.

ARTICLE XVIII DIRECT DEPOSIT OF PAYROLL CHECKS

Each engineer shall participate in the program providing for the direct deposit of payroll checks into the employee's bank account. This provision will become effective with a sixty day notice by the Carrier to employees.

Any engineer who does not depart the terminal in proper order of call will be entitled to restoration of turn under applicable agreements, including local memorandums.

ARTICLE XXI MARKING UP FOR DUTY

Each engineer in any class of service who is authorized time off for any reason, including for vacation, will be marked up for service upon expiration of the period authorized unless additional time is requested and granted prior to the expiration of the authorized period. This provision does not preclude an engineer from marking up earlier than the end of the authorized period.

ARTICLE XXII ROAD MEALS
In through freight service only all rules and agreements that provide for an entitlement to a meal, or provide for any payment in lieu thereof, during a tour of duty in are eliminated, and all such entitlements are accordingly rescinded.

Springfield, MO 65803

Dear Mr. Dean:
This refers to our discussions regarding elements of pay referred to in Section 2(d) of the agreement of April 4, 1994 which are not intended to be offset against the extra board guarantee. We understood that the $18.00 trip payment for Engineers operating in other than through freight service and $18.00 of the $27.00 trip payment in through freight service would be paid in addition to the guarantee amount.

We further understood that when general wage increases are applied to the $18.00 and the $27.00 payments, respectively, the proportionate amount resulting from application of the increase(s) to the $18.00 would, likewise, be paid in addition to the guarantee for extra board engineers.

2151 East AA Highway SIDE LETTER NO. 2
Springfield, MO 65803 1996

Dear Mr. Dean:

This confirms our understanding regarding Article 1- LOCOMOTIVE ENGINEER RECERTIFICATION of the agreement.
We agree that when an engineer is scheduled to report to the training center for recertification and such engineer stands for service on a trip which the engineer may not be able to complete and still have reasonable time to comply with the travel arrangements, the engineer must notify the Manager of Operating Practices or other designated officer prior to commencement of the trip (no later than the call time). The decision whether to mark off or make the trip will be made by the MOP/designated officer. When the decision of the designated officer is to mark off, the engineer will be marked off and paid as though having made the trip.

During the discussions there was concern expressed by both sides regarding the potential abuse of this circumstance. We were all in accord that the decision made by the designated officer was to be made based on consideration of the expected time to complete the service trip and to allow reasonable time thereafter for the engineer to gather belongings and materials necessary for the trip to the training center and to travel to the departure point of the means of conveyance being utilized. We also understood that engineers who choose not to travel to or from the training center by the means provided at Carrier's expense (normally by air) would not be allowed payment for lost earnings in excess of what others from the same location were given under usual travel circumstances.

If this accurately reflects our understanding, please indicate your concurrence in the spaces provided for that purpose below.

2151 East AA Highway SIDE LETTER NO. 3

Springfield, MO 65803 1996
Dear Mr. Dean:

This confirms the understanding reached relative to Article 3-SPECIAL PAY DIFFERENTIAL of the agreement.

We agree that the following agreements referred to in this Article 3 are of no further force and effect:

OPS 33-81, OPS 34-81 dated April 24, 1981

Side Letter 20 of Arbitration Award 458

Article V of Public Law 102-29.

We further understand, however, that the provision quoted below is maintained:
Engineers performing service with reduced train or yard crews will not be held responsible for accidents caused by failure of radio equipment to properly function. Carrier will be responsible for maintenance of radios, and engineers will not be held responsible for failure or malfunction of radio equipment unless obviously caused by employee abuse or tampering.

If this accurately reflects our understanding, please indicate your concurrence in the space provided for that purpose below.

Very truly yours, I concur:

Dear Mr. Dean:

This confirms the understanding reached relative to Article 5-TERRITORIAL QUALIFICATION of the agreement.

We mutually intended that engineers on an extra list would not be bypassed by other engineers from the list due to not being qualified on a particular territory. In any event, we did agree when an engineer assigned to an extra list is bypassed for lack of territorial qualification he would not have the guarantee to which he would otherwise be entitled reduced.
If this accurately reflects our understanding, please indicate your concurrence in the space provided for that purpose below.

Very truly yours, I concur:

This confirms the understanding reached relative to Article VII-ENHANCED EMPLOYMENT OPPORTUNITIES of the core agreement.

Specifically, we discussed the intent and meaning of the phrase 'deprived of employment' contained in Section I of said Article VII. We agreed that an engineer who meets all of the requirements of Article VII would not be deprived of the benefits contained therein by virtue of any exercise of seniority to which he was entitled pursuant to the BN/BLE Transfer Agreement dated November 1, 1990.

If this accurately reflects our understanding, please indicate your concurrence in the space provided for that purpose below.
